

# MAMBO SAFE DINING

## Inside dining rules from 17 May 2021

Groups of up to six - or two households of any size - will be allowed inside the restaurant  
Every customer aged 16 and over must check in with NHS test and trace, or provide contact details  
People will still need to order, eat and drink while seated, where alcohol is served  
When not seated - for example being shown to a table, or going to the toilet - customers must wear face coverings  
Social distancing of one metre plus will remain.

## What we are doing to make our restaurant safe

We've made changes to ensure the safety of you and our staff, here's how we're keeping everybody safe:

- Secure guest registration (compliant with test & trace)
- Enhanced cleaning
- Daily team health declarations
- Increased staff handwashing & hygiene
- Guest hand sanitising stations
- More space between tables
- Clear tabletops
- Wipe clean menus
- Face coverings worn around our restaurants.

## Ensuring the health & safety of our staff

Ensuring the wellbeing of our staff, along with our customers, is our top priority.  
Daily health declarations are completed by staff before arrival at work  
We're washing our hands regularly  
We've enhanced our cleaning procedures  
We've adjusted our menu to enable social distancing in the kitchen  
Face coverings worn around our restaurants.

## NHS Test & Trace

We are now required to ask all customers to take part in NHS Test & Trace. In order to do this, you will need to download the NHS COVID-19 app onto your phone. We recommend doing this prior to arriving at our restaurant so there aren't any delays getting you checked in.
